'Summer' Uniform – Although it is officially the Summer Term, our children do not have to wear summer uniform. It is an option intended to make things more comfortable for our children when the temperature rises **above 20°C**. It is always a concern to teachers when small children are sent in to school in very thin summer dresses when it is raining heavily and the temperature is barely above 15°C. If your child has to wear tights with a summer uniform then they should really remain in their normal (winter) uniform. Please also remember to always send your child in with a showproof coat.

Summer Guidelines - Please see our website for school guidance on what to do when the temperature rises **above 20°C** and beyond (we can live in hope!)
