9th January 2018

Dear Parents and Carers ,

We are planning to have a focus on ' Primary Futures ' during the week of 5th February to 9th February 2018.

Primary Futures aims to broaden horizons and raise aspirations. By helping children understand the link between learning in school and the world of work, Primary Futures helps to motivate them to improve their academic performance. In our local area, there are volunteers from a range of organisations and sectors, ready to come in to speak to our pupils.

At Davyhulme Primary School we would really like to involve as many of our parents as we can to come into school and speak to our children. We would like to involve as many parents as possible from as many jobs , careers and professions as possible to share their passion for working life with our children.

We know that many of you might be anxious about talking to large groups of children but we would like to assure you that we will be able to arrange for you to talk with smaller groups of children, either in some of our support rooms or classrooms or in our smaller support areas.

If you would like to participate in this week then please email the school office under the title of **Primary Futures** stating what your job / career /profession you would like to share , if you will be bringing props and how many children you would like to speak with. Whether or not you want to speak to Nursery , Reception , Year 1 or Year 2, all age groups all the way up to Y6 or a particular year group in between- perhaps groups of between 6 - 10 pupils could be a minimum starting point .

Depending on how many offers we receive, we will work out a timetable for that week and then allocate a slot for your particular contribution to be made within school.

We are going to try to create a display out of a selection of 'Primary Futures ' with perhaps an emphasis on ' futures ' for girls and women - the possibilities are endless so why not join us ?

Thank you for your continued support,

Yours sincerely ,

Mr P McDowell
