

Signs of Spring

Action

Tell us about the signs of spring you have discovered.

Go on a wild hunt in spring. Tick off each of these nature things as you do them. Once you've done 6 out of 9, you can shout **"Springo!"**

Sniff blossom

☐

Blossom grows on lots of trees. Sniff it to see if it smells of anything.

Tap a catkin

☐

Shake it gently to see if pollen falls out.

Find a buzzing bee

☐

Once you've found one can you buzz like a bee?

Be a bird mimic

☐

Listen to a bird singing and see if you can make a sound like it.

Get into shape

☐

Find three leaves from different trees with different shapes.

Find a footprint

☐

It could be a bird or an animal. People prints don't count!

Rough or smooth?

☐

Touch the bark of a smooth tree and a rough tree.

Count yellow petals

☐

Find a yellow flower and count the petals. There are petals.

☐

Wing it

☐

Spot something flying that isn't a bird or a bee.

Challenge**

[Wild Challenge extra]

If you enjoyed finding the signs of spring, **try this.**

Spot spring springing!

Can you record spring appearing before you?

Take pictures, write a poem or draw things that are happening in nature. For example, buds bursting on trees, a flower appearing, or an insect on the move.
